

Hymer GmbH & Co. KG presents its new products for 2019

Bad Waldsee, 3 July 2019 – In the run-up to Caravan Salon 2019, Hymer GmbH & Co. KG is presenting at their annual press conference the latest Hymer Motor Caravans and Camper Vans, Eriba Caravans and the latest accessories.

New chassis and new design: the new Hymer Exsis

Streamlined, agile and comfortable: Hymer presents the latest generation of the popular Exsis model range. To start with, the integrated and semi-integrated models of the Exsis will be available in the 580 layout. The vehicle is built on the Fiat original frame. Aside from a reduction in weight, this means that improvements have also been made in terms of driving comfort and safety. What's more, new-generation furniture provides the interior of the vehicles with an even more modern touch.

Semi-integrated motorhome on a Mercedes chassis: the Hymer Tramp S

Hymer is continuing its collaboration with Mercedes-Benz in the semi-integrated motorhome sector. The Hymer Tramp S provides the perfect introduction to the world of premium motorhoming: the bodywork of the Mercedes-Benz Sprinter with front-wheel drive and original frame has a marked impact on payload reserves and the headroom within the vehicle, while numerous driver assistance systems are also included on board. The interior boasts a cosy design with modern designer touches that are typical of Hymer, a smart lighting concept, as well as a particularly generous feeling of space.

“WhiteLine” special edition for the Hymer B-Class ModernComfort

Both the 550 and 600 layouts of the B-Class ModernComfort are now available in an exclusive special edition as integrated and semi-integrated models. The B-Class ModernComfort “WhiteLine” boasts a stylish white paint finish as well as a comprehensive equipment package, and features the tried-and-tested combination of a Mercedes-Benz Sprinter chassis cowl and Hymer SLC chassis. The elegant exterior design is continued in the interior, which boasts a spacious design. The B-MC “WhiteLine” has ample room for up to four people and its weight remains below 3.5 tons, despite its comprehensive equipment package.

Premium adventures: the Hymer Free S 600 on a Mercedes chassis

Hymer is presenting the sporty Free model range of camper vans on a new chassis. For the first time, the Hymer Free S 600 will be built on the latest Mercedes-Benz Sprinter chassis with front-wheel drive, meaning that it will offer a particularly high level of driving comfort and traction. Thanks to its modern interior design, the panel

PRESS RELEASE

van ensures that your travel adventures will not have to compromise on the exclusive charm of Hymer.

From prototype to vehicle production: the Hymer DuoCar S

What began as a prototype and concept car is now ready to go into production: thanks to its generously designed layout, the Hymer DuoCar S, built on the new Mercedes-Benz Sprinter chassis, offers ample living space for two people and is ideally suited to all manner of holidays due to its compact dimensions – from city breaks to adventure holidays. From the very beginning, the focus has been on the needs of the target group. Motorhome enthusiasts were able to voice their requests and suggestions in an online survey, which were taken into consideration during the vehicle design process.

The new Eriba Nova: innovative bodywork meets individual design

The popular Premium model range from Eriba is being completely overhauled for the coming model year and is the first model range that has been both developed and wholly produced at the Caravan Centre of Excellence in Sassenberg. In future, all Eriba Nova layouts will be available in two styles – the “Trend” and “Ambience” models. The caravans are characterised by their innovative CLIMADUR body shell design with outstanding insulation properties as well as their characteristic curves. The new Nova also boasts plenty of storage space, a comfortable seating area and state-of-the-art technology. As a result, all of the main functions can be easily controlled using the Eriba Smart-Home-System, which is integrated as standard, as well as by app.

Suitable accessories from Hymer Original Parts

In the Hymer Original Parts division, Hymer offers various accessories that have been specially developed for the brand’s vehicles, which make camping an even more pleasant and comfortable experience. To recreate the feeling of your kitchen at home when you’re on holiday, the perfect accessories are available for the rail that is installed as standard in the kitchen of Hymer Motor Caravans: for example, a paper towel and coffee pod holder, as well as a spice rack. The Hymer E-Bike by FLYER and the Hymer E-Scooter provide even more flexible mobility when you reach your destination. A new electric blanket for all Hymer Motor Caravans and Camper Vans has four temperature settings, ensuring that you get a relaxing and sound night’s sleep, even in colder regions. One particular highlight of the new Eriba Nova awning is the light on the adapter. This can be operated using a separate switch, and is even dimmable, if desired, which expertly draws attention to the new Eriba Nova.

About Hymer

Since its foundation in 1957, Hymer has been a household name in motorhomes and caravans “made in Germany”. The company is not only notable for its long tradition and passion for motorhoming, but is also one of the leading manufacturers in the premium sector thanks to its high standards of quality and consistent record of innovation. Hymer GmbH & Co. KG markets its products under the four brands Hymer Motor Caravans, Hymer Camper Vans, Hymer Original Parts and Eriba Caravans. Hymer GmbH & Co. KG is part of the Erwin Hymer Group.

About the Erwin Hymer Group

The Erwin Hymer Group unites motorhome and caravan manufacturers, motorhome and caravan accessory specialists as well as hire and financing services under one roof. In financial year 2017/18, the Group achieved a turnover of 2.3 billion euros with more than 6,400 employees world-wide and around 59,000 recreational vehicles. The motorhome and caravan brands Buccaneer, Bürstner, Carado, Crosscamp, Compass, Dethleffs, Elddis, Eriba, Etrusco, Hymer, Niesmann+Bischoff, Laika, LMC, Sunlight and Xplore, the motorhome hire companies McRent and rent easy, the chassis specialist Goldschmitt, the accessories specialist Movera, the trailer tent manufacturer 3DOG camping and the touring portal freeontour all belong to the Erwin Hymer Group.
